Supply List Kindergarten 2019-2020

With the new school year fast-approaching, we can make sure that we are environmentally friendly by considering these tips for a green back-to-school:

- Buy notebooks that are made of recycled materials- FSC-
- Make a quick revision of what you already have at home, to avoid buying more of the same material.
- Use any pens, pencils, notebooks, paper, and binders etc from previous semesters that are semi-used
- Pass down any school supplies from older children to younger children
